## HEADACHE RACKS

### TOUGH MADE EASY

Magnum® racks are the engineered solution to both provide strength and ensure safety for both cargo and passengers. If you use one in your personal driver as a weekend warrior or through the week as your daily workhorse, the Magnum rack offers a high-quality all-aluminum construction. Adding accessories is made easy by utilizing the D-Ring Glide Track. You can find various options in racks styles, rails, and light packages in the portfolio.

### STANDARD FEATURES

- Ultra-durable, all-aluminum racks and accessories
- Complete your look with mill finish or black powder coat
- Fully welded construction
- DOT approved LED lighting
- Magnum Glide Track System on Magnum Headache Racks and bed rails to accommodate accessories

### OUR MODELS

- Low Pro
- Standard
- Service Body
- High Pro
- EC Series
