

DuraMag Cutaway Van Body

Make light work of the final mile.

Tight urban settings and even tighter timelines are no match for the DuraMag® cutaway body. Fully constructed of tough, lightweight aluminum, this class 2–4 dry freight vehicle is naturally corrosion resistant, easy to handle, and makes room for plenty of payload.

Low 30’ Bed Height

Comfortable step-up access to the back with a lift gate or ramp.

Pass-through Option

Connected cab and cargo area to speed and simplify deliveries while reducing driver exposure to traffic and weather.

Seamless Sides

Monolithic, fully welded, and free of rivets to display graphics with high fidelity.

Standard Features

- Aluminum box tube construction with 2x4 .125 perimeter frame, 1.5x1.5 .125 cage frame, 2x5 .188 heavy duty door frame
- Walk-ramp ready
- Partition with optional sliding door
- Long sill gussets every 4’, starting front to back
- 1-1/8” laminated hardwood flooring
- 1x1.5 .090 anti-snag crowned roof bows
- One-piece .032 aluminum crowned roof with cast upper corners, aerodynamic radius front roof and vertical corners
- Smooth .040 bonded exterior skins (white)
- Premium roll-up door with stainless fasteners
- Recessed 6” oval LED lights in rear frame, 2 red stop/turn/tail and 2 clear reverse (domestic) lights
- LED clearance and marker lights, LED interior dome light wired to one switch
- 1/2” AC plywood interior walls
- Aluminum E-Track, recessed, welded, sides 36” floor to center
- 2 grab handles on rear frame
- Full width drop-step rear bumper, 9.5” grip strut aluminum
- 2 rubber dock bumpers (3”x3.5”x6”) attach to drop-step bumper, one per side
