

DuraMag Extruded Landscape Body

Built to perfection

Monroe's DuraMag Landscape Bodies are ALL Aluminum box tube construction. The standard 42" headboard has a 16" x 30" expanded metal window. Heavy duty 2" x 6" long sills and 2" x 3" cross members - all 12" on center. The Landscape Bodies are all built with proprietary aluminum flooring that's far stronger than typical steel floors. In short: Highly-engineered and overbuilt so your only limitation is the truck's GVW, not the body.

Standard Features
